Сведения об официальном оппоненте Абрамове А. В.

1	Фамилия, имя, отчество	Абрамов Алексей Владимирович
2	Ученая степень	доктор биологических наук

3	Список основных публикаций по теме диссертации **в рецензируемых** научных изданиях за последние пять лет (не более 12 публикаций).	1. Suzuki N., Abramov A.V., Amaike Y., Nishita Y., Masuda R. 2023. Phylogeography of the Altai weasel (Carnivora: Mustelidae: *Mustela altaica*) based on an analysis of mitochondrial control-region haplotypes // Biological Journal of Linnean Society, Vol.138, No.3, p.274–281. DOI: 10.1093/biolinnean/blac148
		2. Ishii H., Amaike Y., Nishita Y., Abramov A.V., Masuda R. 2023. Phylogeography of the stone marten (*Martes foina*: Mustelidae: Mammalia) in Eurasia, based on a mitochondrial DNA analysis // Mammal Research, Vol.68, No.3, p.375–381. DOI: 10.1007/s13364-023-00690-6
		3. Faggi A., Bartolini-Lucenti S., Madurell-Malapeira J., Abramov A.V., Puzachenko A.Y., Jiangzuo Q., Peiran L., Rook L. 2024. Quaternary Eurasian badgers: intraspecific variability and species validity // Journal of Mammalian Evolution, Vol.31, art.3. DOI: 10.1007/s10914-023-09696-y.
		4. Bujnakova D., Lansink G.M.J., Abramov A.V., Bulyonkova T., Dokuchaev N.E., Domanov T., Dvornikov M.G., Graphodatsky A., Karabanina E., Kliver S., Korolev A.N., Kozhechkin V.V., Litvinov Y.N., Mamaev N., Monakhov V.G., Nanova O., Okhlopkov I., Saveljev A.P., Schinov A., Shiriaeva E., Sidorov M., Tirronen K.F., Zakharov E.S., Zakharova N.N., Aspi J., Kvist L. 2024. Expanding from local to continental scale—A genetic assessment of the Eurasian wolverine // Diversity and Distributions, Vol.30, No.7, e13846. DOI: 10.1111/ddi.13846
		5. Nishita Y., Väinölä R., Abramov A.V., Masuda R. 2024. Diversity of MHC class II DRB alleles and mitochondrial DNA in northern and eastern European pine marten, *Martes martes* (Mammalia: Mustelidae) // Biological Journal of Linnean Society, Vol.143, No.1, blad133. DOI: 10.1093/biolinnean/blad133
		6. Kitchener A., Abramov A.V., Veron G., Banfield L., Senn H., Yamaguchi N., Puzachenko A.Y. 2024. Geographical variation in the sand cat, *Felis margarita* (Carnivora: Felidae) // Diversity, Vol.16, No.10, e635. https://doi.org/10.3390/d16100635
		7. Puzachenko A.Yu., Yudin V.G., Abramov A.V. 2025. Cranial variation and taxonomic status of Far-Eastern badgers, with remarks on Pleistocene paleogeography of *Meles* (Carnivora: Mustelidae) // Vertebrate Zoology, No.75, p.147–164. DOI 10.3897/vz.75.e148147
		8. Tomarovsky A., Khan R., Dudchenko O., Totikov A., Serdyukova N.A., Weisz D., Vorobieva N.V., Bulyonkova T., Abramov A.V., Nie W., Wang J., Romanenko S.A., Proskuryakova A.A., Cherkasov N., Ferguson-Smith M.A., Yang F., Balanovskaya E., Gilbert M.T.P., Graphodatsky A.S., Aiden E.L., Powell R., Koepfli K.-P., Perelman P.L., Kliver S. 2025. Chromosome-length genome assembly of the stone marten (*Martes foina*, Mustelidae): a new view on one of the cornerstones in carnivore cytogenetics // Journal of Heredity, Vol.116, No.4, p.548–557. DOI: 10.1093/jhered/esaf001
		9. Watanabe R., Nishita Y., Abramov A.V., Peeva S., Raichev E., Masuda R. 2025. Phylogeography of *Mustela eversmanii* and *M. putorius* (Carnivora: Mustelidae) throughout continental Eurasia, based on mitochondrial control‑region sequences // Mammal Research, Vol.70, No.3, p.309–316. DOI: 10.1007/s13364-025-00795-0
		10. Tsuchihashi K., Endo Y., Abramov A.V., Suzuki K., Suzuki S., Lin L.-K., Yachimori S., Yamazaki K., Kaneko Y., Watanabe S., Han S., Nagano A., Nishita Y., Masuda R. 2025. Molecular phylogeographic

variation in the Siberian weasel (*Mustela sibirica*) in Asia, including Japan, examined by ddRAD-seq analysis // Zoological Science, Vol.42, No.5, p.463–470. DOI: 10.2108/zs250014

11. Wei Q., Cao L., He X., Abramov A., Wang J., Fu J., Li R., Yang Q., Fu L.Q., Huang Y.H. Zhou C., Wen Z., Ge D.Y. 2026. Phylogenomics of the genus *Mustela* with description of a new species from China // Journal of Systematics and Evolution. Vol.64, No.2, p.186–202.DOI: 10.1111/jse.70029
12. Tomarovsky A.A., Khan R., Dudchenko O., Beklemisheva V.R., Perelman P.L., Totikov A.A., Serdyukova N.A., Bulyonkova T.M., Pobedintseva M., Abramov A.V., Weisz D., Yakupova A., Zhuk A., Graphodatsky A.S., Powell R., Aiden E.L., Koepfli K.-P., Kliver S. 2026. Novel chromosome-length genome assemblies of three distinct subspecies of pine marten, sable, and yellow-throated marten (genus *Martes*, family Mustelidae) // Journal of Heredity, Vol.117, No.3, p.583–591. DOI: 10.1093/jhered/esaf101
